he started on those pennies is
still flourishing today.

earned pennies.

Franklin had to take a chance

The "Toric" lens is ground with a
deep, inner curve, which permits of
the lens being placed much closer to
the eye, allowing a wider range of
vision with no perceptible edges or
annoying reflections. The "Toric"
lens is for particular people who want
the best and are satisfied with nothing
less. It costs a little more, but
it is worth it. We fit the "Toric"
in eye-glass or spectacle.

TAFT HOLDS TROOPS BACK

[Associated Press Cable]
WASHINGTON, August 28.—Presi-
dent Taft today wired to the war de-
partment rescinding his order for the
departure of the Tenth Infantry to
Nicaragua. He said that he believes
that there is a sufficient force of ma-
rines there now to prevent any fur-
ther injury to American property and
lives.

added significantly that no threats
of militant methods such as have been
used in London, would move him from
his position.

Public anxiety was intensified to-
day over the fate of the French offi-
cers now held as hostages by the

below the cathedral, to more than
thirteen feet in the streets.

Taft. Taft replied that Fisher was
surely sailing August 31, and anticipa-
